

CAREER DEVELOPMENT DAY

with

Dr Maria Górna

19.11.2024 (Tuesday)

09:30 AM - 10:30 AM: Institute Seminar in the Prof. Gajewski Auditorium

Keynote presentation during our weekly Institute Seminar series

Title: "A multitasking biochemist: from RNA binding proteins in innate immunity to antimicrobial drug discovery"

10:30 AM - 11:15 AM: Break and Networking

A short break to exchange thoughts with seminar attendees

11:15 AM - 12:15 PM: Discussion Panel in the Prof. Gajewski Auditorium

Career-focused discussion panel with young researchers offering insights into their paths, challenges, and tips for professional growth

12:15 PM - 1:30 PM: Café Career Hour

An open, post-panel event with young researchers focused on career growth with a touch of science, over coffee and treats
